

Curl Reviving Foam (Quat-Free, Silicone-Free)

DESCRIPTION

This formulation features safe, mild ingredients in a pumpable styling hair foam that redefines curls, hydrates, and controls frizz so you can rock your natural, second-day curls looking fresh and revived. Featured ingredients include **Cola®Lac 426** and **Cola®Lux SAO** for weightless conditioning, and **Cola®Moist 200** to reduce fly-aways and volumize, giving hair body movement while maintaining control. **Poly Suga®Mulse D9** provides foam and incorporates fragrance to give hair a clean, subtle scent throughout the day. This formula is free of silicones and conditioning quats.

To use, pump foam into hands and work through hair, then scrunch. This product can be used between washes on dry hair to revive curls, or after cleansing on wet hair to protect from heated styling tools.

FORMULATION

Order	INCI Name	Trade Name	%
1	Water	Water	qs to 100.00
2	Isostearamidopropyl Morpholine Lactate	Cola®Lac 426	6.00
