

Powder-to-Clay Foaming Mask

DESCRIPTION

This mask comes in a concentrated powder form that transforms into a clay paste, then a gentle foam for easy rinse-off. Featured anhydrous cleansers include biobased **Suga[®]Nate 160 Dry** and **Cola[®]Mate LA-100 MB**.

Use: Simply mix with water to create a smooth paste, apply to face, and allow to dry. When ready to remove, add warm water and work into a lather, then rinse clean.

FORMULATION

Order	INCI Name	Trade Name	%
1	Sodium Laurylglucosides Hydroxypropylsulfonate	Suga[®]Nate 160 Dry	10.00
2	Disodium Lauryl Sulfosuccinate	Cola[®]Mate LA-100 MB	15.00
