

September 17 2021

To Our Valued Customers,

Ongoing increases in labor costs, raw material costs, and supply shortages for oleochemicals, petrochemicals, and product packaging have necessitated the price adjustments below.

Effective on all orders shipping on or after October 1, 2021, or as our contracts allow, Colonial Chemical will adjust pricing upwards as noted below, detailed by product class. If you have any questions regarding your account specifically, please contact your Colonial sales representative or customer service representative. Our list of sales representatives by geography is here: <https://colonialchem.com/sales-regions/>
