

Suga® Sperse 10

100% Natural Pigment Dispersant

DESCRIPTION Alkyl Glucoside Phosphate

INVENTORIES USA (TSCA); EU (REACH); Canada (NDSL)

Suga® Sperse 10 is a naturally-based anionic pigment dispersant that aids in wetting and dispersion of pigments in aqueous coatings. It is derived from alkyl glucoside chemistries and offers formulators more sustainable advantages than typical surfactants. Suga® Sperse 10 stabilizes pigment particles and offers good wetting for lower surface tension than that of the pigment.
